Product Description:

This primer is specifically designed to block harmful UV rays from damaging your metal surfaces. It creates a protective barrier that shields your metal surfaces from the sun's harmful rays, preventing fading, cracking, and other forms of damage. With this primer, you can keep your metal surfaces looking new and vibrant for years to come.

The UV Protecting Primer is easy to apply and dries quickly, so you can get back to using your metal surfaces as soon as possible. Its transparent color ensures that it won't affect the appearance of your metal surfaces, so you can use it on any color without worrying about it altering the finish.

Whether you're looking to protect your outdoor metal furniture, your metal roofing, or any other metal surface, the UV Protecting Primer is the perfect solution. Its UV-blocking properties provide excellent UV protection, ensuring that your metal surfaces stay looking new for years to come. So why wait? Order your UV Protecting Primer today and enjoy the peace of mind that comes with knowing your metal

surfaces are protected.

Features:

Product Name: UV Primer
Low Voc: Yes
Color: Transparent
Application: For Metal
Waterproof: Yes
Feature: Environment Friendly

UV Shielding Primer
UV Base Coat

Technical Parameters:

Product Attribute	Value
Product Name	UV Protecting Primer
Feature	Environment Friendly
Cruelty-Free	Yes
Low Voc	Yes
Formulation	Liquid
Application	For Metal
Waterproof	Yes
Property	1000 MI
Smell	Low Odor
Color	Transparent
Other Names	UV Shielding Primer, UV Blocking Primer

Applications:

With a property of 1000 ml, this waterproof primer is perfect for all your outdoor metal surface needs. Its low odor also makes it a pleasant option for indoor use. Its transparent color allows for versatility in application and ensures it won't clash with any decorative finishes you wish to apply over it.

The UV blocking primer is perfect for use on a wide range of metal surfaces, including but not limited to steel, aluminum, and iron. Its UV protection makes it an excellent choice for metal surfaces exposed to direct sunlight that require protection from UV rays. It prevents the metal from becoming damaged or discolored from exposure to UV rays.

Some application occasions and scenarios where Tucai's UV Primer can be used include:

Outdoor metal furniture
Metal fences and gates
Metal roofs
Outdoor metal sculptures

This UV base coat is perfect for those who wish to ensure their metal surfaces remain protected from harmful UV rays. Its transparent color allows for versatility in application, while its waterproof property ensures that it can withstand exposure to the elements. Its low odor also makes it a pleasant option for indoor use.

In conclusion, Tucai's UV Primer is an excellent choice for those in need of a high-quality, affordable primer that provides excellent UV protection for metal surfaces. Its versatility in application and low odor make it a convenient choice for both indoor and outdoor use. So, why wait? Get your hands on Tucai's UV Primer today and give your metal surfaces the protection they deserve!
